## State Parks Announces Recommendations for \$8.4 Million in Local Projects

*SACRAMENTO, Calif.* – Today, California State Parks Director, Lisa Ann L. Mangat announced competitive project recommendations for \$8.4 million in funding for nine local non-motorized trail projects under the Federal Highway Administration's (FHWA) Recreational Trails Program (RTP).

The federal Moving Ahead for Progress in the 21<sup>st</sup> Century (MAP-21) Authorization provides funding for the RTP. Eligible applicants include cities, counties, districts, state agencies, federal agencies, and non-profit organizations with management responsibilities of public lands.

Eligible non-motorized projects include acquisition of easements and fee simple title to property for recreational trails and recreational trail corridors; and, development, or rehabilitation of trails, trailside, and trailhead facilities. The program requires a 12% match. FHWA must approve project recommendations before California State Parks can execute grant contracts. Prior to forwarding these projects to FHWA, each must comply with the National Historical Preservation Act of 1966 (Section 106), National Environmental Policy Act (NEPA), and be listed on the State Transportation Improvement Plan (STIP)

The list of recommended non-motorized RTP projects is:
